

JACKIE VARGAS

jackieharo101@gmail.com | 615-957-2191 | Antioch, TN 37013

Summary

Senior IT student focusing on Cybersecurity and general Technology at Trevecca Nazarene University, with growing interests in both hardware and software systems. Building foundational experience across areas such as programming, database management, data analysis, and user experience through hands-on IT coursework and team projects, including introductory work with robotics and system development. Bilingual with a strong background in customer service, applying problem-solving, troubleshooting, and clear communication to IT-related challenges. Motivated to continue learning and growing toward a professional role in the technology field.

Technical Skills

- Python – basic knowledge; continuing to develop through coursework and projects
- Java – familiar with object-oriented programming concepts
- SQL/MySQL – experience writing simple queries and managing small databases
- Excel – proficient with data organization and analysis tools
- Raspberry Pi – hands-on experience setting up and troubleshooting hardware projects
- PowerPoint – skilled in creating clear, professional presentations
- Project Management – applied in academic and team-based IT projects
- Team Collaboration – strong teamwork skills from class labs and workplace experience
